COMMENTARY

The staff at Valley View hopes our residents have found our publications to be useful and informative. We would like to hear any comments or suggestions you might have to make our news-let-ter even bet-ter. Any resident can sub-mit a commentary to the Office for publication.

**BUILDINGS PAINTED** We have finished painting our buildings. They are now touching up some areas. The paint chips caused from pres-sure washing the buildings will be cleaned up as soon as the touch up is finished. Thank you for your coop-eration and patience.

Landscaping

We are in the process of removing all the overgrown and dead buses and shrubs located in the front and sides of the buildings. Our land-scaper will be using a stump grinder to remove all the stumps leftover from this process. This will greatly improve the appearance of our property.

Parking

Please re-member each unit has only two parking places. If you have company please tell them to park on the street so our residents will have a parking space by their buildings. Also, do not forget that parking in the grass is not allowed and anyone not obeying this rule will be towed.
